Opportunity Fund

Thank you so much for your generous donation of \$420, received on 12/10/09, to benefit Asian Women's Home, the Domestic Violence Program of Asian Americans for Community Involvement (AACI). This year, we were able to provide holiday gifts to 87 women, children, and men. This is the largest number of clients we have ever been able to reach over the holidays, and it is in large part due to your kind support.

97.7% of the families we serve are extremely or very low income, and 80.8% make less than \$9,000 a year. The holiday season, which is supposed to be about family togetherness and giving, can be particularly difficult both emotionally and financially for families that have fled their homes due to abuse. As one client told us: "I'm very grateful... Sometimes there's no money, so we can't buy the things [we need]. As long as you give, our New Year celebration becomes more joyful. Thank you!"

AACI has been serving the local community since 1973. Focusing on the diverse Asian American population, AACI provides health care, mental health services, domestic violence support and shelter, and youth and senior programs to individuals who could not otherwise access these services.

The mission of Asian Women's Home is to create a support network for abused women and their children by providing direct services that prioritize their linguistic and cultural needs and by cooperating with other service providers to bridge service gaps. We operate a 24-hour crisis hotline and a 12-bed emergency shelter, and we provide free and confidential services in 13 different languages.
