

JAMSj Japanese American Museum of San Jose

Preserving the history and culture of Santa Clara Valley

November 01, 2009

Midori Kai, Inc.
214 Muscat Ct.
Fremont, CA 94539

Dear Marsha,

On behalf of the Japanese American Museum of San Jose, JAMSj, I would like to thank you for the gracious donation of \$100.00. Your commitment to helping JAMSj fulfill its mission of preserving and sharing Japanese American history, art, and culture with an emphasis on the Greater Bay Area is sincerely appreciated.

Each year JAMSj continues to advance its mission. By creating a new museum facility – to be opened to the public in early 2010 – we can provide a more complete experience and expand our services for students, members, and the community. During the last year of operation of the previous museum facility, before we closed for construction, JAMSj reached 4,000+ people, and has continued to serve the community during construction of the new facility with outreach programs to schools, special speaker engagements, J-Town walking tours, and co-sponsored events with community organizations. Your donation has gone directly to the construction of the new museum facility, which will allow us to have even greater reach into the community.

Thank you again for your generous and continued support of our efforts to preserve and share our collective history and story.

Best Wishes,

Jeff Kuwano
Director of Development
